The story of MARLENKA®

The story of MARLENKA has its roots in the faraway Armenia, the home of the company owner, Mr. Gevorg Avetisyan. In 2003 he founded MARLENKA international s.r.o. in the Czech Republic. At first, the only product on his list was just the Marlenka honey cake based on an old family recipe. Over time the range of products grew, and in 2008 a large factory operation was established. At the moment the company offers dozens of different cakes and confectionery products that are exported in 52 countries worldwide. The dream of the company founder has come true – the Miracle from honey is known all over the world.

At the time of the founding:

1 employee
1 product

New building construction

Launching of a fully automated warehouse operation

Presence:

300 employees
55 products
52 countries

Production expansion

Opening of factory store and café

2003 → 2005 → 2009 → 2014 → 2018 → 2021 → 2022

The exceptionality of the MARLENKA® products

Our honey products are exceptional due to several factors. The first one is a careful selection of the highest quality ingredients, from the best flour to quality honey. Another condition of success is a symbiosis of modern technologies and original recipes. The entire production process is subject to strict food quality standards IFS and BRC. During regular audits we achieve the highest ratings in both these standards. Some products are excluded from the scope of IFS and details of the exclusion are available upon request.
